## SCHOOL REPORT

The school board wishes to offer a few words of explanation in regard to the manner in which the school money has been expended during the past year.

We were obliged to maintain a school in the Caverly district during the fall, making seven schools instead of six as in the years previous. We also paid for transportation to Middleton, thus making the schools shorter than we anticipated in the spring.

A much needed change has been made in the reading books. There are other changes in the text books needed.

We have tried to secure efficient teachers, and while we have been fairly successful, we realize however that we cannot retain a successful woman for the inadequate salaries paid in town. We cannot expect a woman to teach in a town paying \$6.50 to \$7.50 for 24 weeks in a year when she can obtain \$8.00 to \$9.00 per week for 34 or 36 weeks in the year. She will most certainly choose the latter.
